RE: Permit-By-Rule for a Solid Waste Processing Facility
Barker Brothers Recycle Center – SWP 66-1453

Dear Mr. Bragg:

This letter will serve as official notice that this Division has approved your Permit-By-Rule notification for the referenced facility, located in Obion County, at 1341 Highway 51 South, Troy, Tennessee (latitude 36.376348° N/ longitude 89.11761° W), for a processing and recycling facility.

This facility shall be deemed to have a Permit-by-Rule, provided the criteria of Rule 1200-1-7-.02(1)(c)(1)(i) of Tennessee's Solid Waste Processing and Disposal Regulations are met, including the permit conditions as submitted with your application. The registration number for this facility is **SWP 66-1453**. This number should be used on all reports and correspondence to the Department or Division regarding this facility.

With the issuance of this permit, there is an annual maintenance fee (AMF) required [pursuant to Tennessee Rule 1200-1-7-.07(3)] for this processing facility. This year's fee has been prorated for the period covering September 15, 2011 through June 30, 2012 (290 days). Your prorated fee in the amount of \$2,383.38 is based on the annual fee of \$3,000 for a processing facility. You will receive an AMF invoice from the Department's Division of Fiscal Services that will indicate that Barker Brothers Waste, Inc. owes \$2,383.38.

With regard to next fiscal year, the departmental rules allow for a recycling exemption (at least 75% of materials being recycled) to the payment of the AMF fee (along with supporting documentation) pursuant to Tennessee Rule 1200-1-7-.07(1)(b) 4. In August 2012 when you receive your invoice for the \$3,000 AMF fee, please enclose a summary table of the records referred to in the above-mentioned rule, which will show the volume/amount of materials received at the facility, the volume/amount sent for legitimate recycling, and the volume/amount sent to a disposal facility. Please maintain your facility records for the current reporting period (since issuance of this permit) as supporting documentation to claim the recycling exemption.

Mr. Bragg
